The Western Guarantee

Ranked among the top 1% of universities worldwide, Western offers the best student experience inside and outside the classroom. And the best student experience comes with a guarantee for first-year students.

Admission Scholarships
To recognize your academic achievement, we will offer you an admission scholarship ranging in value from $1,000 for one year, to $10,000 ($2,500 each year for four years) if you are admitted based on your secondary school diploma, and your final admission average, including prerequisite courses as calculated by Western, is 88 per cent or greater. Western will determine averages for applicants who are not studying in a Canadian secondary school curriculum based on: curriculum, grading practices, grading scale interpretation and performance of previous students from that curriculum while at Western.

The First-Year Courses You Want
Western offers more than 400 different specializations, majors and minors at the undergraduate level. Choose the first-year courses you want for the program in which you are enrolled on Main Campus and, as long as you have the prerequisites, we will guarantee you a spot in 1000-level introductory courses on Main Campus.

A Place to Live in Residence
Experience the convenience, safety and support of living on campus. We guarantee you’ll start your new life at Western in one of our great residences, if you are a single student, without children, graduating from secondary school who has received an offer of full-time, first-year admission for September 2018. See residenceatwestern.ca for requirements.

An Extraordinary Student Experience
Learn from our brightest professors and researchers. Live in the best residence system and study on the most beautiful campus in the country. Complement your academic program with an exceptional range of curricular, co-curricular, and extracurricular activities. Gain valuable career experience through internships, co-ops, job shadowing and volunteer programs, locally, nationally and internationally. It’s all part of Canada’s Best Student Experience.

With a diverse population of more than 383,000, London is an educational, cultural and economic hub of southwestern Ontario.

Living in London
London offers the best of both worlds – big city excitement with a small town feel. It’s a city that knows how to have fun and make everyone feel welcome.

Shopping
From the unique, independent retailers along Richmond Row and in Wortley Village to the trendy stores in suburban shopping malls, London is a great place to shop.

Dining
London offers it all: intimate cafés, pubs, fine dining and walk-up souvlaki stands. London has an eclectic mix of chefs bringing the hottest culinary trends to the city. Foodies will also enjoy exploring the locally produced offerings at Western’s Farmers’ Market, the Covent Garden Market or the Masonville Farmers’ and Artisans’ Market.

Nightlife
A lively collection of nightclubs, pubs and live theatre, as well as various dining opportunities, makes Richmond Row the place to be seen. You’ll find today’s hottest artists in the heart of downtown at the 10,000-seat Budweiser Gardens. Movie fans can choose from Western Film and a variety of screens around town.

Recreation
Affectionately called the Forest City, London boasts an extensive trail system for walking, running, biking or inline skating. Tree-lined trails run along the Thames River – right into Western’s campus. Winter sports can be enjoyed at London’s Boler Mountain, while indoor and outdoor ice rinks are a popular choice for skaters and hockey players. In the summer, Londoners take a short drive to the beaches of Grand Bend (Lake Huron) or Port Stanley (Lake Erie) or enjoy the many parks London has to offer.

Sporting Events
London’s got game! The London Knights (hockey), the London Majors (baseball), and the London Lightning (basketball) keep the excitement going year-round at prices students can afford.

Culture
London is home to a thriving creative community, from the professional offerings of the Grand Theatre and Museum London, to countless other museums, community ensembles, theatre troupes and specialty galleries. On Western’s own campus we offer various activities for you to connect with your artistic side – everything from our McIntosh Art Gallery to noon-hour ensembles in the Don Wright Faculty of Music to various theatrical productions and fashion shows put on in the Paul Davenport Theatre.

Festivals
Londoners love to celebrate diversity. Our city is home to numerous festivals year-round including Sunfest, Rock the Park Music Festival and Pride London Festival.

Western Residences offer more than just a place to eat and sleep. Residence life engages and connects you to the University community and fosters your growth as a leader. There are ample opportunities for leadership and involvement in a range of activities.

Healthy Dining
Our flexible meal plan gives you easy access to residence dining halls and campus eateries, plus many off-campus meal plan partners. Our chefs prepare a wide selection of food in house, so there’s always something new to try. Allergies? Dietary restrictions? No problem. Our packaging is labelled and nutritional content is available online for our menu items. Furthermore, you can work with our Nutrition Manager for assistance in making healthy food choices. Vegetarian, vegan, gluten-free and nut-free options are offered daily.

The Academic Edge
Studies have shown students who live in residence do better academically than their off-campus peers.† Our Living Learning Communities are made up of like-minded students to create fluidity between the academic and home environments. An Academic and Leadership Programmer (ALP) works in each residence to provide coaching, academic resources, exam review sessions, study skill workshops, or to simply form study groups – all right where you live!

Getting Involved and Growing Your Skills
Expand your personal and professional skills through involvement in numerous academic, social, cultural and recreational activities just steps away from your front door. By getting involved in your Residents’ Council or becoming a Residence Staff member or Residence Soph, you can gain valuable leadership skills to help you land your dream job when you graduate.

Focus on Safety
In residence, access to buildings and/or the residential areas of buildings is restricted 24/7 by a locked door controlled by card access. Our Front Desk staff are just a phone call away, and residence student staff live on each floor and are on-call during evenings and weekends.

Clean and Cared for Facilities
We’re continually upgrading and renovating our residences to ensure you enjoy high quality, well-equipped accommodations. Common areas and shared washrooms on your floor and throughout your building are cleaned every day. We also provide regular room cleaning.

Seamless Move-in
Our 850 student volunteers (Sophs) ensure your move-in day is stress free. With your consent, we’ll unpack your vehicle and ensure your belongings are taken straight to your room.

Memories to Last a Lifetime
Residence enables you to meet new people, make connections with hundreds of other students and engage with the greater Western community. Residence is where lifelong friendships begin.

All residents are required to purchase a mandatory meal plan (except those placed in Alumni House and London Hall).
CONNECT THE CLASSROOM TO REAL-WORLD EXPERIENCES

Western offers many opportunities inside and outside the classroom for you to apply your academic knowledge in real-world settings. With experiential learning, you can complement your studies with relevant, rewarding experiences that help you develop transferable skills and refine your career options.

**Western’s Co-Curricular Record**
You can also showcase all of your activities in an official document known as Western’s Co-Curricular Record (WCCR). Whether it’s a workshop, a club, an international learning experience or a leadership position, you can track your experiences – and learning – using this online tool. Activities connect to 10 core areas of development, including Career Preparation, Commitment to Learning, Communication, Diversity, Engaging in the Arts, Global Awareness, Health and Wellness, Leadership, Self-Awareness and Social Responsibility.

---

**Internship & Co-op**
Gain the relevant knowledge and skills required to enter a particular employment sector. Participate in paid or unpaid, short-term or long-term, local or international placements for academic credit or for a non-credit course. Check with your Faculty or The Student Success Centre to see if there is an option for your degree program. You can also search for international internship and research opportunities on Western’s international learning website.

internship.uwo.ca
international.uwo.ca/learning

**Job Shadow**
Test-drive a specific job or employment sector to see if it is a good fit for your skills, interests and career plans. Job shadow connects you with future employers in informal – but meaningful – ways and provides you with a ‘sneak peek’ into a work world that lies just beyond graduation.

jobshadow.uwo.ca

**Fieldwork**
Integrate theory and skills learned in the classroom or laboratory into real-world environments. Mainly concentrated in the natural and social sciences such as biology, earth sciences, geology, anthropology and archaeology, fieldwork allows you to work in teams to improve your communication, team work and problem-solving skills.

fieldwork.uwo.ca
Community Engaged Learning (CEL)
Link your classroom education with community-based projects and see your learning come to life through CEL classes in most disciplines. Build your resumé through hands-on learning that makes a tangible impact in the community. Get involved with non-profits during your first week at Western with Orientation Serves, and continue throughout your time at Western with the Western Serves Network.

Western Entrepreneurship
Kickstart your career with Western Entrepreneurship. Participate in experiential opportunities to advance your ideas outside the traditional classroom (i.e., hackathons, startup summits, workshops, bootcamps, mentorship events, pitch competitions, etc.). Get ready to innovate, create and test prototypes.

Alternative Spring Break (ASB)
Spend an unforgettable spring break travelling with faculty and staff team leaders to participate in week-long service projects in local, national and global communities. Past service projects have included Habitat for Humanity builds in New Orleans; teaching English in the Dominican Republic; and constructing an accessible washroom in Peru.

asb.uwo.ca

Undergraduate Research Opportunities
Conduct research with impact. As an undergraduate student, you can participate in research and take your ambition to another level; apply for research fellowships and awards with various funding councils; and complete an internship or co-op with industry or one of Western’s research centres or institutes.

Learning without Borders
Spread your wings and discover the world while earning your degree at Western. Whether you want to study, volunteer, complete an internship, work abroad or participate in international learning at home, we offer a wide range of opportunities to integrate international experience into your university career. For example, you can study for a semester in Singapore; uncover traces of the Roman Empire during an archaeological dig in northern England; intern at a multinational company in India; participate in a summer opera program in Italy; or volunteer with a Community Engaged Learning program in Costa Rica.

- Develop intercultural skills
- Learn a new language
- Apply your learning in a new setting
- Become a global citizen

More than $200,000 in financial support is available annually through the Global Opportunities Awards, and a new International Learning Award provides support for students going abroad in their third year. Additional scholarship programs provide unique experiences in particular countries, regions or institutions.

Global and Intercultural Engagement Honor
Give your degree global appeal with Western’s Global and Intercultural Engagement Honor recognizing students who have engaged in both academic and extracurricular activities with a global or intercultural focus. You can accumulate points during your time at Western through activities at home or abroad, and then attend an intercultural workshop.

Once achieved, the Honor will appear on your official transcript upon graduation. What better way to gain the global experience and intercultural skills employers are looking for, all while pursuing your own passion for international learning?

A World of Choice
Western’s International Exchange Program gives you the opportunity to study at more than 135 universities in 39 countries, including Australia, China, Denmark, France, Germany, Hong Kong, India, Japan, Korea, Mexico, the Netherlands, New Zealand, Singapore, Spain, Sweden, the United Kingdom and the United States.

- Pay your tuition to Western and earn credits toward your degree
- Scholarships are available to support your international experience
- Many partner universities offer courses taught in English

International Learning Award

Every student with a cumulative 80% average and a full-time course load at the end of second year is eligible to receive a $1,000 award to complete an International Learning experience in third year.*

Your destination options include:
- Academic exchange
- Summer study abroad
- Field courses
- Alternative Spring Break
- Community engaged learning
- Internships
- Research
- Other University-led experiences

* Experiences must be Western-approved activities. Full requirements online.

Western Student Recreation Centre (WSRC)
This $35-million, state-of-the-art facility was made possible by the largest student donation in history at a Canadian university.

Features include:
- 20,000 square-foot fitness centre with more than 200 cardio machines
- Eight-lane, 50-metre pool
- Squash/racquetball courts
- Five gymnasiums

Registered students receive a WSRC membership, funded through a small recreation fee within their activity fees.

Membership includes access to:
- Drop-in group fitness classes
- Fitness Centre
- Drop-in gym activities such as basketball and badminton

Intramural Sports
With more than 1,200 different teams and 15,000 participating students, Western has one of the largest intramural sports programs in Canada.

Sport Clubs
Western’s Recreational Sport Clubs are sanctioned organizations, established by students who share a common interest in a particular sport or physical activity.

We also offer 19 clubs covering a wide range of activities from badminton to karate to triathlon. At Western, there is something for everyone.

GET INVOLVED | STUDENT CLUBS

Clubs are a fundamental aspect of student life on campus. Run by the University Students’ Council (USC), Western has more than 10,000 members participating in 191 clubs across campus.

The Clubs Community is the easiest way to get involved at Western. Joining a club opens up many opportunities for you to enjoy a balance between academic life and extracurricular activities. From community volunteering and philanthropy clubs, to political, cultural and musical interests, if you have a passion, we have a club for you.

Join a club or create your own
Meet new people and become more involved in your Western community as a club member, or join a clubs’ executive team to gain interpersonal and professional skills by organizing and planning different activities for your club.

Can’t find the club for you? Start your own! The USC welcomes new clubs to campus every year. Gain leadership skills while bringing students together with a common interest.

Faculty-specific clubs
All Faculties across campus offer Faculty-specific student clubs, groups and teams such as student associations, program-specific societies, student support groups and more. Visit our Faculty websites for more information.

Student Financial Services and Student Financial Aid provide financial support and guidance to students during their time at Western through a variety of financial aid programs.

**Student Financial Services and Student Financial Aid**
- Administers the Western scholarship, bursary and work study programs.
- Administers the Ontario Student Assistance Program (OSAP) and other government-assistance programs, such as the Part-time Canada Student Loan Program, Canada Study Grants for Part-time Students, Institutional Special Bursary Program and Bursary for Students with Disabilities Program.
- Provides financial counselling and budgeting assistance.
- Liaises with the Ministry of Advanced Education and Skills Development, the National Student Loan Service Centre, banks, and other services/agencies to assist students with all government loan programs.

**Bursaries**
Bursaries are non-repayable grants awarded on the basis of financial need. Western offers two types of bursaries:

**Admissions Bursaries**
- Awarded to students entering Western’s Main Campus for full-time, first-year studies directly from secondary school (application available by the end of January).

**In-Course Bursaries**
- Available to students in their upper years or to entering students who did not apply for an Admission Bursary.
- Students must complete an online Financial Assistance Profile Application for consideration.

registrar.uwo.ca/student_finances/bursaries.html

**Work Study**
Western’s Work Study program offers upper-year students in financial need the opportunity to work part-time on campus in jobs that accommodate their studies. There are more than 2,000 on-campus employment opportunities with flexible work arrangements.

registrar.uwo.ca/student_finances/work_study.html

**Ontario Students**
The Ontario Student Assistance Program (OSAP) is a government-funded financial assistance program for residents of Ontario and is an excellent primary resource for students to consider. The application process is free and students may receive an estimate for funding.

ontario.ca/osap

**Non-Ontario Students**
Students can apply for assistance through their provincial Ministry of Education. Each province in Canada has its own application process. Please visit the appropriate provincial website for more details.

registrar.uwo.ca/student_finances/osapgovernmentloans/outofprovince_loans.html

**International Students**
Immigration, Refugees and Citizenship Canada (IRCC) requires all international students to prove that they have adequate resources before they may be admitted to Canada. Consequently, a bursary will normally be awarded only if there is evidence that circumstances have changed since their arrival in Canada.

PREPARE FOR THE FUTURE

Enter the rapidly changing workforce with confidence thanks to the creative thinking and foundational skills you will acquire during your undergraduate studies in the Faculty of Arts & Humanities.

PROGRAM FEATURES

- School for Advanced Studies in the Arts & Humanities (SASAH)
- Canada’s first Digital Humanities Program
- Museum and Curatorial Studies
- Writing Studies
- Theatre Studies
- Fieldwork in Vindolanda

Join a cohort of approximately 600 students in a welcoming and friendly environment.

Complete a common first year to explore all areas of engineering before selecting your program of choice.

Acquire the skills and knowledge you need to become a Professional Engineer.

Define your academic experience in flexible and exciting ways, creating paths of study tailored to your individual interests and aspirations.

PROGRAM FEATURES

- Nine core Engineering programs
- Combined degrees with Business, Law and many other programs at Western
- Internships, co-ops and externships
- Super Tutor Program and Big Sister/Little Sister Mentorship Program

BECOME AN INNOVATIVE ENGINEER

In today’s world, business is fundamental knowledge for professional engineering. Starting in first year, you will be introduced to business for engineers. After first year, you can further develop your skills in leadership and innovation by enrolling in the Integrated Engineering program, the Engineering (BESc)/Ivey (HBA) dual degree program or the Engineering Leadership and Innovation Certificate.
HEALTH SCIENCES

Develop an appreciation for the world’s emerging health issues and be inspired to think globally and strategically to create innovative solutions while earning a Bachelor of Health Sciences (BHSc) degree.

Focus your learning experience on improving human health and developing unique skills and perspectives to tackle health-related issues affecting people in all corners of the world.

KINESIOLOGY

Become a leader in your field with a balanced approach to Kinesiology that allows you to focus on areas such as human movement and rehabilitation, fitness and exercise, sport management and the cultural impact of sport.

Study in a program that offers the broadest range of activity courses of any Kinesiology program in Canada with options including exercise for specific populations, personal training and team-based sport.

NURSING

Gain the knowledge and skills necessary to practice as a Registered Nurse through theory courses, professional practice, case-based learning and simulated clinical education.

Develop clinical skills and confidence in a lab setting in one of our state-of-the-art simulation suites before embarking on your first practical placement.

INFORMATION & MEDIA STUDIES

Become part of an active, socially conscious group of peers and faculty who are interested in exploring the world on many different levels.

Learn to be aware of the often-hidden forces shaping your environment and discover ways you can take control of your media landscape and drive change – all through the lens of media and information studies.

Get involved in student government, the FIMS Street Team and charity initiatives; write for the student council magazine OPENWIDE; or present your work at the Student Research Conference or in the academic journal Mediations. At FIMS, you are encouraged to have a voice and be heard.

PROGRAM FEATURES

- International exchange, study abroad and volunteer opportunities
- Publishing opportunities in our Undergraduate Student Journal
- Optional internship program for eligible students
- Combined degree option with the Ivey Business School

DON’T SETTLE FOR 140 CHARACTERS. WRITE THE BOOK.

You live and breathe media almost every moment of your day. If you’re going to consume it, you need to understand it. In the Faculty of Information & Media Studies (FIMS), we ask questions about how news, television, social media, celebrity culture and music shape our lives in a variety of ways.
LEARN FROM THE BEST PROFESSORS IN CANADA
The QS World University Rankings by Subject 2017 listed our Psychology program as one of the Top 50 programs in the world.

MUSIC
music.uwo.ca | music@uwo.ca | 519.661.2044

Become part of a close-knit community of students, faculty and staff. Perfectly sized to contribute to a family-like learning environment while – as one of the largest music faculties in Canada – offering an exceptional range of musical and academic options, starting with a common first year.

Choose from all traditional Bachelor of Music streams and experience innovative courses and programs as part of your comprehensive musical education at Western.

Participate in one-on-one weekly lessons with the finest musicians from around the world, and a student-peer mentoring program.

PROGRAM FEATURES
• Combined degrees and specialized programs
• One of the top music libraries in North America
• Video and digital recording facilities
• International study abroad opportunities

STEP INTO THE SPOTLIGHT
Students in the Don Wright Faculty of Music enter the spotlight each year in more than 400 performances in a variety of venues on campus and in the community. Students perform and learn in our new building that offers the best learning environment for academic and performance studies with 100+ practice rooms, studios, large and small rehearsal rooms.

SOCIAL SCIENCE
ssc.uwo.ca | ssaco@uwo.ca | 519.661.2053

SOCIAL SCIENCE
Social Science helps you understand the world you live in, through participation in traditional and interdisciplinary programs.

Learn from world-renowned faculty members who have received national research and teaching awards. Gain the knowledge and skills necessary to make a difference in government, business, the non-profit sector and academia.

PROGRAM FEATURES
• Combined degrees
• Publish in undergraduate journals
• International experiences

DAN MANAGEMENT & ORGANIZATIONAL STUDIES
Experience the best of both worlds – our instructors are both industry professionals with real world experience, and research-focused academics providing insight into the latest theories and research.

Our program combines six core areas of business education with courses from Social Science and other disciplines to provide a broad educational perspective that will serve you well in your future employment.

PROGRAM FEATURES
• Commercial Aviation Management
• Internships
• Study abroad
• Case competitions

LEARN FROM THE BEST PROFESSORS IN CANADA
The QS World University Rankings by Subject 2017 listed our Psychology program as one of the Top 50 programs in the world.
Experience a warm, friendly and creative environment in which to learn with 3M National Teaching Award-winning instructors within our 140 modules and 480 courses.

Develop expertise in experimental design and a strong foundation in data analysis in our first-year labs.

Gain access to powerful tools, from PCR for genetic analysis to the technologies of our Nanofabrication Laboratory, to address complex industrial, business, natural, and societal challenges.

Cultivate critical thinking and communications skills with group projects, at undergraduate conferences, during field courses across the globe or even in virtual field trips across the ether. There are so many ways to discover your scientific passion at Western Science!

**PROGRAM FEATURES**
- Interdisciplinary programs
- Internships
- Combined degrees
- International exchange and field courses
- Research opportunities in world-class facilities

Learn from leading-edge researchers in state-of-the-art educational and research labs.

Establish a network of friends and colleagues through involvement in student government, clubs and other extracurricular activities.

**PROGRAM FEATURES**
- Conduct research in fourth year under the supervision of a faculty member
- Interdisciplinary modules
- Cross-faculty specialization in Neuroscience
- Cross-disciplinary specializations in Medical Health Informatics and One Health
- Combined degrees
- Online and blended learning
- Internship and international exchange
- Opportunities to complete an Accelerated Masters in five years

**EXPLORE MEDICAL ADVANCEMENTS**

The Medical Sciences focus on understanding normal human health, structure and function, the causes and progression of disease and illness, mechanisms of current treatment and the search for cures. You may choose to specialize in one basic medical science discipline or study from an interdisciplinary perspective.
## Professional Second-Entry Undergraduate Programs

Second-entry professional undergraduate programs such as Business, Dentistry, Education, Law and Medicine do not begin in first year. These undergraduate programs require a minimum of two to four years of university study prior to admission. The length of the programs will also vary, with some taking four years while others are only two years in duration.

Admission requirements vary greatly with each program having its own required undergraduate prerequisites, admission averages and required test scores. Please note: these programs are in high demand, and enrolment is limited. Requirements are subject to change. Please confirm with the program. Western also offers professional graduate programs, MA and PhD degrees in a number of disciplines through the School of Graduate and Postdoctoral Studies.

## Graduate Programs

Since introducing its first Master’s program in 1881, Western University remains dedicated to delivering excellent graduate education. We offer 88 different graduate degree programs, including a range of professional master’s and interdisciplinary programs that provide endless opportunities to expand your knowledge, and push the boundaries of discovery in several fields.

## Award-Winning Students

Tamara Tavares, a Neuroscience graduate student in the Emotional Cognition Lab of Western’s Brain and Mind Institute, took the top spot in Western’s sixth-annual Three Minute Thesis (3MT) competition, tackling the complex world of frontotemporal dementia (FTD), a hereditary neurodegenerative disorder. 3MT is a research communication competition where graduate students have three minutes, or less, to present their research and its impact to a panel of non-specialist judges and peers. Western was one of the first Canadian universities to host a 3MT competition in 2012.
**IVEY BUSINESS SCHOOL**

To be considered for admission to first year on the basis of a Grade 12 Diploma from any province in Canada, you must obtain a minimum 80 per cent average as calculated by Western and have the prerequisites for your program as specified by Western. Admission is competitive and, as such, having the minimum requirements should not be viewed as a guarantee of admission.

For a list of acceptable academic courses please visit: welcome.uwo.ca/admissions/admission_requirements/canadian_secondary_school

**International Baccalaureate**

You have completed the full International Baccalaureate Diploma including:

- Six subjects, of which three must be at the Higher Level;
- A minimum grade total of 28*, including bonus points awarded for the successful completion of the Extended Essay and Theory of Knowledge;
- No mark less than 4 on any individual subject; and
- Prerequisites for your program as specified by Western.

If you are currently in progress, you may be considered for admission based on your predicted IB results.

You are eligible for transfer credit consideration for most Higher Level subjects with a score of 5 or higher if you have successfully completed the full IB diploma and meet Western’s admission criteria.

*The minimum grade total quoted above is the minimum required for admission consideration. Competitive admission based on predicted results is usually in the low to mid 30s and can vary depending on the program.

**ADVANCED PLACEMENT**

You have registered in Advanced Placement courses and have written your AP Exams. If you achieved at least 4 out of 5, you may be considered for transfer credit to a maximum of 2.0 full credits.

### WESTERN ENGLISH LANGUAGE CENTRE (WELC) – ENGLISH BOOST PROGRAM

The English Boost Program provides nine weeks of study for students who are just below the English standard for admission to their degree program. The program begins in early July and student success is cultivated by developing communicative skills – reading, writing, listening and speaking – in combination with the cultural knowledge required to succeed in Western’s demanding academic environment. All applicants to Western’s Main Campus are considered for entry into the English Boost program. No additional application is required.

### NATIONAL SCHOLARSHIP APPLICATIONS

**National Scholarship Program**
This program is designed to recognize all-around excellence based on the merit of your academics, innovation and extracurricular activities. Submit your application for admission through the OUAC, complete the National Scholarship online application and submit supporting documents.

See page 12 or visit: registrar.uwo.ca/student_finances/scholarships_awards/national_scholarship_program.html | Deadline: February 14, 2018

### SUPPLEMENTAL ADMISSIONS PROFILES

- **Extraordinary Extracurricular Activities and Contributions to Citizenship Profile – Optional**
  This supplementary profile allows you to communicate your commitment to extracurricular activities and active citizenship through your ongoing contributions to school and community life. If you feel your average will fall marginally below the University’s minimum admission requirements and you have made significant contributions, you are eligible to submit a profile.

  Visit: welcome.uwo.ca/admissions/forms | Deadline: March 1, 2018

- **Special Consideration Profile – Optional**
  This profile is an opportunity for you to provide information about circumstances that may have adversely affected your academic performance in secondary school. Circumstances may include financial issues, required employment, disability or illness, or other personal or family matters.

  Visit: welcome.uwo.ca/admissions/forms | Deadline: March 1, 2018
