“I like that during the first week there is so much going on. There’s always a support system around you. It’s a great chance to get really close to your floor and the people that you meet – they become your family.”

With a diverse population of more than 383,000, London is an educational, cultural and economic hub of Southwestern Ontario. London is approximately 200 km west of Toronto and 200 km east of Detroit, USA.

Known as the Forest City for its many parks and green areas, London offers the best of both worlds – the safety, charm and affordability of a small community with the diversity, career opportunities and conveniences of a big city. It’s a place that knows how to have fun and make everyone feel welcome.

Travel to Toronto, Detroit and many other destinations is easy by air, train and bus. Western is also well-connected to the city’s public transit system.
