LETS TALK PROGRAMS

You have choices.
Explore as much as possible.

Programs within Arts & Humanities, Health Sciences, Kinesiology, Science, Social Science or Media, Information & Technoculture
During the first year, your courses will be a combination of prerequisites for the program you want and the electives you choose. You can take electives from almost any faculty.

At the end of your first year, choose the program you want to study.

Engineering, Medical Sciences, Music, Nursing
You will focus primarily on your field. Though most of your first-year courses will be predetermined, you still have an opportunity to explore within your field throughout the duration of your program and specialize further after your first year.

You have flexibility.
Specialize in one area or combine your two passions.

Western’s modular degree structure gives you flexibility with your degree. In many cases, you can combine programs from different faculties, schools or departments; or you can focus on a specific subject in greater depth.

A module is a collection of courses (defined by a Faculty or Affiliated University College) in an area of study. The more courses in a module, the higher the level of specialization.

Looking for an academic challenge?
Graduate with two degrees instead of one.

Concurrent Degrees: Study two major modules at the same time, like Applied Math and Engineering, or Kinesiology and Music.

Combined Degrees: Combine your degree with one of Western’s professional faculties, like the Ivey Business School, Schulich School of Medicine & Dentistry or Western Law.

See what’s available in your faculty on pages 6-11.

Kick your academic experience up a notch.

Scholar’s Electives | scholarselectives.uwo.ca
Do you want to do research at the undergraduate level? Do you want to pursue higher education at the postgraduate/professional level? If yes, apply!
Deadline to apply: February 14, 2019

Western Scholars | westernscholars.uwo.ca
Together with other outstanding students, you will learn and grow as global citizens in an engaging, enriching and inspiring environment. No application necessary, but you do need a 90 per cent average.
School for Advanced Studies in Arts & Humanities (SASAH) | uwo.ca/arts/sasah
Study humanities at the next level, including learning a second language, hands-on experiences, digital engagement and international travel.
Deadline to apply: February 28, 2019

Western Integrated Science (WISc) | uwo.ca/sci/WISc/program
Our world’s challenges are broad. Learn how to tackle climate change, world hunger, alternative energy, or another global challenge from multiple scientific disciplines.
Deadline to apply: March 17, 2019

Professional second-entry programs
Second-entry programs require some years of undergraduate study before you can start. At Western, we offer second-entry undergraduate programs in business, dentistry, law, education and medicine. Read more about these programs on page 12.

The Modular Degree Structure – How does it work?

Modules can be combined in the three different types of degrees offered, as shown in the chart. For example, if you are planning to complete a four-year Honors Bachelor Degree, you can do an Honors Specialization in Health Sciences and a Major in Film Studies or a Major in Biochemistry and a Major in Mathematics. There are thousands of possible combinations at Western!

1. An Honors Specialization Module is comprised of 9.0 or more credits and is available only in an Honors Bachelor Degree (4 year).
2. A Specialization Module is comprised of 9.0 or more credits and is available only in the Bachelor Degree (4 year).
3. A Major Module is comprised of 6.0–7.0 credits and is available in all three degree types.
4. A Minor Module is comprised of 4.0–5.0 credits and is available in all three degree types.

Join a cohort of approximately 600 students in a welcoming and friendly environment.

Complete a common first year to explore all areas of engineering before selecting your program of choice.

Acquire the skills and knowledge you need to become a Professional Engineer.

Define your academic experience in flexible and exciting ways. Create your own academic journey tailored to your individual interests and aspirations.

PROGRAM FEATURES
- Nine core Engineering programs
- Combined Degrees with Biomedical Engineering, Business, Law and many other programs at Western
- Internships, co-ops and externships
- Super Tutor Program and Big Sister/ Little Sister Mentorship Program

BECOME AN INNOVATIVE ENGINEER

In today’s world, business is fundamental knowledge for professional engineering. Starting in first year, you will be introduced to business for engineers. After first year, you can further develop your skills in leadership and innovation by switching to the Integrated Engineering program, the Engineering (BEng)/Ivey (HBA) dual degree program or the Engineering Leadership and Innovation Certificate.

PACK YOUR BAGS: STUDY, VOLUNTEER OR WORK ABROAD

Integrate international experiences into your university education. Take a Study Tour course and travel to Italy, Rwanda, Greece, Spain, England, Cuba or New York.

INFORMATION & MEDIA STUDIES

fims.uwo.ca | mit@uwo.ca | 519.661.3542

Discover how money, politics, culture and society interact with and influence technologies like smart phones, social media and digital advertising. FIMS will teach you why these things matter.

Develop your media production knowledge. Study media and understand how to produce it. Create media and develop creative content through elective courses.

Study Media & the Public Interest (MPI). Connect study media and understand how to produce it. Create media and develop creative content through elective courses.

PROGRAM FEATURES
- International exchange, study abroad and volunteer opportunities
- Publishing opportunities in our Undergraduate Student Journal
- Optional internship program for eligible students
- Combined Degree option with the Ivey Business School

STUDY IN EXTRAORDINARY FACILITIES

Students benefit from state-of-the-art technology in Health Sciences facilities such as the 3D Anatatorium. This virtual reality theatre — which was the first of its kind in Canada — allows students to explore the human body using 3D MRI images.

NURSING

uwo.ca/fhs/nursing | nurse@uwo.ca | 519.661.3395

Gain the knowledge and skills necessary to practice as a Registered Nurse through theory courses, professional practice, case-based learning and simulated clinical education.

Develop clinical skills and confidence in a lab setting in one of our state-of-the-art simulation suites before embarking on your first practical placement.
ACCOUNTANT (CPA), CHARTEED FINANCIAL ANALYST (CFA), CERTIFIED

Complete courses during your studies that count towards the curriculum. This brings critical focus to our program and prepares you for meaningful contributions to management decisions and practices in the organizations you join.

PROGRAM FEATURES
- Combined Degrees and specialized programs
- One of the top music libraries in North America
- Video and digital recording facilities
- International study abroad opportunities

STEP INTO THE SPOTLIGHT
Students in the Don Wright Faculty of Music enter the spotlight each year in more than 400 performances in a variety of venues on campus and in the community. Students perform and learn in our new building that offers the best learning environment for academic and performance studies with 100+ practice rooms, studios, large and small rehearsal rooms.

INTERNATIONAL EXPERIENCES
Students studying Social Science or DAN Management have the opportunity to study, volunteer and work abroad. Seen here is a group of DAN Management students who participated in a four-month, faculty-led, study abroad experience at Radboud University, in Nijmegen, the Netherlands.
**PROFESSIONAL SECOND-ENTRY UNDERGRADUATE PROGRAMS**

Second-entry professional undergraduate programs such as Business, Dentistry, Education, Law and Medicine do not begin in first year. These undergraduate programs require a minimum of two to four years of university study prior to admission. The length of the programs will also vary, with some taking four years while others are only two years in duration.

Admission requirements vary greatly with each program having its own required undergraduate prerequisites, admission averages and required test scores. Please note: these programs are in high demand, and enrolment is limited. Requirements are subject to change. Please confirm with the program. Western also offers professional graduate programs, MA and PhD degrees in a number of disciplines through the School of Graduate and Postdoctoral Studies.

LIVING IN LONDON, ONTARIO

It's your city
10% of London's 383,000 people are Western students. Western students get discounts on groceries, restaurants, entertainment, travel, retail, tech, and more!

Affordable housing
The apartment vacancy rate in London is higher than the provincial rate. Rental prices are lower than many other cities in Ontario.

Easy transportation
Use a London Transit Bus Pass to get around the city -- it is included in your tuition fees! When it's time to travel, fly out of London International Airport (YXU), board a Greyhound Bus or hop on a Via Rail train.

You'll never be bored

Make rez your home away from home
Western Residences offer more than just a place to eat and sleep. Residence life engages and connects you to the University community and fosters your growth as a leader. There are ample opportunities for leadership and involvement in a range of activities.

Enjoy healthy eating
Flexible meal plans for use in residence dining halls, on-campus eateries and a selection of home delivery and dine out locations in London.

Meal Plan***
Option 1 $5,550
Option 2 $5,150

Chedd prepare a wide selection of food in-house, so there's always something new to try. You can work with our Nutrition Manager for assistance in making healthy food choices.

Allergies? Dietary restrictions? No problem. Our packaging is labelled and nutritional content is available online for our menu items.

Get an academic edge
Studies have shown students who live in residence do better academically than their off-campus peers.***

Stay in one of our Living Learning Communities to create a seamless experience between the academic and home environments.

Become a student leader
Get involved in academic, social, cultural and recreational activities.

Rest easy with our focus on safety
Access to our buildings is restricted 24/7 by a locked door controlled by card access.

Live in well-maintained spaces to call home
Regular room cleaning is also provided. Common areas and shared washrooms on your floor and throughout your building are cleaned every day.

Create memories to last a lifetime
Meet new people and make lifelong friendships!

Make a difference in communities around the world
Andrea, BA’17, Faculty of Social Science, current Master’s student in Women’s
Studies, recently completed an international internship working with a community
partner in East Africa. “Going on a Western Heads East internship to Mwanza,
Tanzania was a key experience that has shaped who I am. I collaborated with
incredible people and gained skills that allowed me to apply what I’ve learned in the
classroom, all while working towards a cause I believe in. Engaging in intercultural
learning during my experience in Tanzania and while at Western allowed me to
achieve the Global and Intercultural Engagement Honor. Pursuing the Honor gave
me a more holistic view of international learning, and as a graduate of International
Relations, internationalizing my degree helped me gain perspective and adaptable
skills that I’ll have moving forward.”

We can help.

**Scholarships**

Scholarships are based on merit and come in all shapes and sizes. Here are a few of your options.

Learn about the options below and more online: registrar.uwo.ca/scholarships

**Admission Scholarships**

- **$1000 - $10,000**
  - No application needed
  - Awarded based on your final high school admission average as calculated by Western
  - Available to Canadian citizens, permanent residents, and international students

If your final high school admission average is equal to or greater than 88 per cent and you meet Western Main Campus’ eligibility requirements, you are eligible. The higher your average, the higher the scholarship.

- 88% ➔ $1,000 for one year
- 90% ➔ $2,000 for one year
- 95% ➔ $10,000 ($2,500 per year)

**National Scholarship Program**

- **$30,000 - $65,000**
  - Requires an application, a nomination from your high school, and an essay
  - Deadline to apply is February 14
  - Must have a 90 per cent average to apply
  - Awarded based on outstanding academics, passion for learning and extracurricular achievements
  - With the exception of the International President’s Entrance Scholarship, only Canadian citizens or permanent residents are eligible to apply

**Schulich Leader Scholarships**

- **$80,000 - $100,000**
  - Requires an application and nomination from your school
  - For students in STEM: Science, Technology, Engineering, and Mathematics
  - Awarded based on academics, leadership and an entrepreneurial focus
  - Only Canadian citizens or permanent residents are eligible to apply
  - schulichleaders.com

**Bursaries**

Bursaries are based on financial need and can be valued at up to $4,000. The online application is available through Student Center for Canadian citizens and permanent residents.

**Admission Bursaries**

- Deadline to apply is mid-July
- Available for incoming first-year students coming from high school

**In-course Bursaries**

- Application is available in mid-August
- Available to incoming and returning students

Read more information online: registrar.uwo.ca/bursaries

**Work Study**

Why not get experience while making ends meet? There are over 2,000 employment opportunities right on campus! Who knows? You could be the person writing these words next year.
